11. Toxicological information

Acute oral toxicity

Irritant effect on skin

Irritant effect on eyes

After digestion

Non toxic

Slight irritation can occur. See point 8.

Slight irritation can occur. See point 8.

Nauseous, vomiting. When large quantities are ingested diarrhoea can occur.

12. Ecological information

Bio degradability

Toxicity by fish/algae/ bacteria

Liquid material. Make sure the product does not penetrate ground-water

Undetermined.

13. Disposal considerations

Product

Uncleaned packaging

Disposal according to instructions of local authorities.

Disposal must be made according to official regulations.

14. Transport information

ADR-ADNR-RID-IATA-IMDG

No hazardous good according to current regulation.

15. Regularity information

Labelling in accordance with E
C directives.

The material is not subject to classification according EC lists.
