

Included you will find a cost based analysis for 4 major nutrient lines that I prepared for you. Included are Dynagro, GH's Maxibloom, Cutting Edge Solutions (CES), and Advanced. The nutrient lines I ran the numbers for are based on the actual available nutrient profiles I devised for each brand with the exception of Advanced which I used your nutrient list in conjunction with the Advanced nutrient calculator on their website.

Cost-Based Analysis for Flower Nutrients:

1) Dynagro.....	399.59
2) Maxi.....	324.61
3) CES.....	636.39
4) Advanced.....	4675.80

Main Line Ingredients

Dyna

Application rate: 9-10 ml/ gal

Derived From: Calcium Nitrate, Potassium Phosphate, Potassium Nitrate, Ammonium Nitrate, Ammonium Phosphate, Magnesium Sulfate, Iron, Boric Acid, Potassium Chloride, Cobalt Sulfate, Copper, Molybdic Acid, Manganese, Zinc Disodium Ethylenediamine Tetra Acetate

Maxi

Application rate: 7g/ gal

Derived from: Calcium Nitrate, Potassium Phosphate, Potassium Nitrate Ammonium Nitrate, Magnesium Sulfate, Potassium Sulfate, Iron DTPA, Iron EDTA, Potassium Borate, Cobalt Sulfate, Copper Sulfate, Manganese Sulfate, Ammonium Molybdate, Zinc
