

## Grow Care Sheet

### Daily:

- Take/Record all environmental stats (Temperature High/Low, Humidity High/Low, Date, Time)
- Record Runoff EC/pH
- Check Reservoirs (Mix/Fill based on level)
- Check Sticky traps (Take down notes of any observed bugs, Identify)
- Inspect four corners (Kneel down and inspect plants from four corners of tray)
- Inspect mother plants
- Tend to any clones in transition area (Spray water on dome and make sure heat mat is working)
- Check veg plants, Adjust hood for height
- Check all Inline, Osc, AC and box fans to make sure they are running properly

### Weekly:

#### 1st and 3rd Fridays:

- Apply Azamax or SNS oil (Months designated spray) to fully cover plants. Best applied as lights are turning on.
